

## MEMORIAL WALK STONES

Most know that the Memorial Walk was started two years ago and, to date, 99 stones have now been set in place. Part of the money (\$200.00) will be going to help pay down our mortgage. The actual cost of the stones was negotiated based on the work being done during the winter while the maker has a slack period.

Last year we were lucky in that stones ordered, even in summer months, were purchased at winter rates. Only the last stone ordered was given a summer price significantly higher than the winter price. We have been advised that this will be the new summer price for stones ordered after April. We anticipate that a summer ordering price will be raised to \$250.00 to ensure we can maintain a good amount going to pay down the mortgage.

It is very important, therefore, that if you want to pay the current price and have a stone installed this summer, that you order it as soon as possible. Forms are available at the Branch and should be available soon on the Branch web page. The forms are very straight forward as to what can go on them but if you need consultation both Frank Stacey ([wfstacey@rogers.com](mailto:wfstacey@rogers.com) tel: 613-824-0828) and Bud Dion ([buddion@sympatico.ca](mailto:buddion@sympatico.ca) tel: 613-834-8931) are available (or contact them through the Branch [rel632@bellnet.ca](mailto:rel632@bellnet.ca) tel: 613-830-9984).

**WHY WAIT, PURCHASE YOUR STONE NOW!**
